About TBC

TBC is a brand name that belongs to SA BASS magazine.

All organisers expect strict adherence to the following TBC bass angling tournament rules by all contestants. In the event of an emergency, please call the regional tournament organiser.

These rules supersede any previously published set of rules for this event and intended to further the best interests of bass fishing in general and not to benefit any individual, team or competitor. Please make sure you understand the rules and regulations.

1. INTERPRETATION & ENFORCEMENT

Interpretation and enforcement of these rules will be left exclusively to the tournament organiser. Decisions of the tournament organiser are final in all matters and are not subject to appeal. Each contestant agrees to report any rule violation to the tournament organiser immediately upon discovery of the violation. Failure to report violations may be cause for disqualification.

2. GENERAL

All anglers enter The Bass Challenge Tournament Trial voluntarily and at their own risk. SA BASS and staff, TBC tournament organisers, MLF South Africa, tournament sponsors, and all resort proprietors and their employees at all levels, are indemnified from any personal liabilities whatsoever that may be incurred by any person while travelling to, or from, or during the tournament.

Anglers are not allowed to keep the official weigh-bags, tags or boat flags used at the tournaments.

3. DATES & VENUES

The tournament season will be from **August 2022 to April 2023** and the venue for each competition will be announced at the preceding month's captains meeting and on the www.mlfsouthafrica.com website

TBC organisers cannot be held responsible if dates and venues need to be changed because of influences beyond their control. Notice will be given by notifying participants via the website or social media networks.

At the discretion of the tournament organiser, tournament days may be shortened, postponed or cancelled due to unsafe weather or water conditions.

4. QUALIFYING EVENTS

For the 2022/2023 season there will be eight (8) tournaments.

The emphasis is on team (rather than individual) competition and only one team per boat is allowed.

A team consists of maximum two persons on one boat. To be in contention for "TBC Team-of-the-Year" you will have to comply to the following:

- i. One of the team members needs to compete in at least 6 competitions.
- ii. The other team member needs to compete in at least 4 competitions.

- iii. The same will apply for Championship Invites, however if the team qualifies and only one of the team members have fished 6 competitions, then only the one angler will qualify for the Championship.

The top twenty teams will qualify to compete in an exclusive "championship", where The Bass Challenge Championship winner will be crowned.

5. POINT STANDINGS

Each team's End-of-Season-Standing-Points will be determined by the team's Participation Points, plus their best six (6) Grand Prix scores for the season, in one region. (A team's accumulated points cannot be transferred between regions.)

A Grand Prix-system will be used as follows: the winner of each monthly tournament receives 100 points with following positions receiving points on a decreasing scale (i.e.: 99 for 2nd, 98 for 3rd, 97 for 4th and so on).

Each team will receive an extra thirty (30) Participation Points per event attended in person.

If an angler/team is representing TBC at any "TBC Organizers approved events" at the same time as a TBC leg other than the championship, then the angler/team will receive a score worked out from his/their current season's average score.

The top three teams (six anglers), if there are at least ten teams on the regional log, will qualify for MLF TBC Colours; and will compete during the MLF RSA National Championship for the "MLF RSA Team-of-the-Year" award. If there are less than ten teams on the TBC log then only the top (one) team qualify.

In the event of a tie on the End-of-Season-Points standing for the top position, the team with the most event wins during the current season will be the TBC Team-of-the-Year. If there is still a tie, the team with the heavier total combined bag weight through the entire season will be the winner. If there is still a tie, the team with the heaviest single event bag for the current season will be declared the winner.

6. REGISTRATION

Entry fee is R300/ person per event.

Registration on the day will start 60 minutes before the start of the tournament. Once registered, anglers are required to wait for the pre-tournament meeting before setting off.

At the launch one of the marshals will check your live-well and life jackets and you will receive a tag to confirm that you comply to the rules.

Take your tag to the TBC gazebo where you will then register your team for the day.

Keep your tag in a safe place, as you will need to hand it in when you weigh in at the end of the day. If you lose your tag:

8. PERMITTED FISHING METHODS

Participants may "pre-fish" a body of water at any time prior to the competition as long as the owner's permission has been obtained

Many of the TBC competitions will be held on property belonging to private individuals. Such properties have their own rules and regulations, which must be adhered to at all times prior to, during, and after a competition.

All bass must be caught alive in a conventional sporting manner and be hooked inside the mouth. All fishing must be conducted from the boat. Only artificial lures may be used, with the exception of pork trailers and biodegradable soft baits. (No live-baiting permitted)

Only one wet rod with one main line and one lure / bait per angler at any given time is allowed. The rod must be hand held (no rod holder may be used). Rigs like the double rig where multiple lures / baits are attached to one main line are not allowed, except for commercial available "Alabama" rigs.

Creating feeding spots by dumping bait either artificial or natural, or any other attractant in order to attract fish to a specific location is prohibited.

At no time may a contestant leave the boat to land a fish or to make the boat more accessible to fishing waters. Contestants must leave and return to the official checkpoint by boat.

A minimum radius of 20 metres (Casting Distance) must be kept between teams at all times. No team may cast into or move into another team's area at any time during the competition unless invited by that team, In which case you must also vacate the area on request.

9. WEIGHING OF FISH

All teams must be in the weigh-in queue and handed in their tags by 16:00.

a. You will be disqualified if your tag is not on the board before 16:00.

b. Any team who has already handed in their tag on time and joins the weigh-in queue after 16:20 will be disqualified.

Only members of the bass family may be weighed-in and the weight will be measured in kilogram.

Any fish presented to the weigh master which is obviously dead, or a fish that is not gilling or finning within (10) ten seconds after being placed on a wet towel in the shade; will be regarded as "dead" as decided upon by the weigh master alone, and will not be added to the competitor's scorecard.

Any number of fish may be caught and released during tournament day, however only a maximum of three fish may be weighed by the weigh-in marshals, which will count towards the teams total bag weight.

Any fish weighed by a marshal before the weigh-in time will be noted on the teams score card and once it has been noted it cannot be removed for any reason whatsoever.

Culling is permitted, however culling at the weigh-station will not be allowed.

Only a total of three fish per team can be kept in a follow me bag or live-well at any given time. Teams with more than three fish per angler in a live-well or follow-me bag will incur a 1000gram penalty.

No stringers or keep-nets are permitted.

Intentional damaging of fish (fin clipping, illegal tagging, or disfiguration of any kind) will lead to instant disqualification.

10. PRIZE MONEY

Prizes for each event will be awarded based on the total bag weight for the day. Prize money is based on the number of paid entries for each tournament and paid for the top three heaviest bags plus lucky draw prizes. Prize money is allocated only to teams and not individuals. In the event of a tie, the teams will share the prize money of the tied position for which they tied, plus the position immediately below that.

Prize giving follows immediately after the results are known and written complaints received have been sorted out.

Should the purse money be affected in any criminal way whatsoever, tournament organisers, tournament sponsors, SA BASS and employees at all levels, will not be held liable for any compensation. In the event that a portion of, or total amount, of the prize money is not won, the residual funds will be added to the total prize money pool for the season's championship.

In such situations the angler being pulled is to remain on their craft (If it is in a safe condition) as well as their catch for the day and should contact the organisers.

If an angler has any technical issues with his boat and is unable to get back to the launch on his own, he will be allowed to be towed in by another angler or by one of the safety marshals, but will only be allowed to weigh in two fish, the angler needs to contact the organisers before being towed in.

If there were extreme weather conditions, or it was a real emergency issue, the organiser and the committee will vote and their decision will be final.
